BEWARE OF SEDUCTION

Words From Our
Pastor

The word "seduce" is defined as, "the act of enticing, beguiling or winning another over to a desired state or position." With this in mind, it seems fair to say that we all have been seduced at one time or another in our lives on earth.

Some seductions are good and others are harmful. That is why St. Paul cautions us, "Do not be conformed by this present age", rather be seduced by God who can transform your hearts and fill them with true and lasting peace and joy. If one gives into the seduction of power, wealth, prestige and luxuries, he/she can gain the whole world, but our Lord warns that one can lose one's soul in the process.

"Having it all" at the price of your soul is no bargain but losing anything or everything for the sake of God, is to gain the one thing worth having. When we allow God to seduce us away from sin, self and worldly desires, we will know true and eternal joy.

No matter what our vocation is, we all have at times felt empty, dissatisfied or tempted to "want it all." But Jesus reminds us today that if we wish to have true peace and joy, "we must deny ourselves, take up our cross, and follow him." In this world we will be pursued and pressured by the hound of earth and the hound of heaven. There is no place to hide or escape from them- we will eventually be caught by one or the other. The good news is that the choice is ours.

God Loves you.

Fr. Dunn

Faith in Community

CARING FOR OUR Common Home

The parish of St. Catherine of Siena and St. Agnes is pleased to partner with Waste Free Greenwich in its "Scraps to Soil" food - scrap recycling program.

Beginning at our **Wednesday Farmers' Market**, parishioners, shoppers, and neighbors are invited to bring their food scraps to the Waste Free Greenwich collection site for composting. The Wednesday drop-off may continue during the off-season based on community interest.

This partnership is a simple way to put our faith into action. Inspired by Pope Francis' *'Laudato Si'*, we are reminded of our responsibility to care for "our common home" and to be good stewards of God's creation.

Since 2020, Scraps to Soil has diverted more than 800,000 pounds of organic material from the waste stream, turning it into beneficial compost and helping reduce our local carbon footprint.
